

CleanBox CX1

The Cleanbox CX1 is a machine that helps you disinfect your VR or AR glasses by means of UV radiation. The Cleanbox CX1 has three advantages. The Cleanbox CX1 is the most thorough hygiene solutions for VR & AR. The Cleanbox kills 99.99% of the bacteria on VR / AR glasses. The Cleanbox program only takes 60 seconds, so you can quickly use your headset again. This is especially important during events & fairs.
